Trieste	Jan Morris	<i>ML to read first</i>
<b>Adventure Books:</b>		
The Worst Journey in the World  <i>"The Worst Journey in the World is a gripping account of an expedition gone disastrously wrong. One of the youngest members of Scott's team, Apsley Cherry-Garrard was later part of the rescue party that found the frozen bodies of Scott and the three men who had accompanied him on the final push to the Pole. Despite the horrors that Scott and his men eventually faced, Cherry-Garrard's account is filled with details of scientific discovery and anecdotes of human resilience in a harsh environment, supported by diary excerpts and accounts from other explorers. A masterpiece of travel writing, The Worst Journey in the World is the most celebrated and compelling of all the books on Antarctic exploration."</i>	Aspley Cherry-Garrard
