The Lincoln Highway (<i>Not yet in paperback</i>)	Amor Towles	
The Magician	Colm Toibin	
Passing (<i>novella</i>)	Nella Larsen	
Love Marriage	Monica Ali	

Blink:

An art expert instantly spots a fake. A cop decides whether to shoot. A psychologist accurately predicts a couple's future in minutes. This book is about those moments when we 'know' something without knowing why. It shows that honing your instincts could change the way you think about thinking forever.

The Lincoln Highway

In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. With his mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett plans to pick up his eight-year-old brother Billy and head to California to start a new life. But when the warden drives away, Emmett discovers that two friends from the work farm have stowed away in the trunk of the warden's car. They have a very different plan for Emmett's future, one that will take the four of them on a fateful journey in the opposite direction - to New York City.

Bursting with life, charm, richly imagined settings and unforgettable characters, The Lincoln Highway is an extraordinary journey through 1950s America from the pen of a master storyteller.

Once There Were Wolves

Inti Flynn arrives in Scotland with her twin sister, Aggie, to lead a team of biologists tasked with reintroducing fourteen gray wolves into the remote Highlands. She hopes to heal not only the dying landscape, but Aggie, too, unmade by the terrible secrets that drove the sisters out of Alaska.

Inti is not the woman she once was, either, changed by the harm she's witnessed—inflicted by

humans on both the wild and each other. Yet as the wolves surprise everyone by thriving, Inti begins to let her guard down, even opening herself up to the possibility of love. But when a farmer is found dead, Inti knows where the town will lay blame. Unable to accept her wolves could be responsible, Inti makes a reckless decision to protect them. But if the wolves didn't make the kill, then who did? And what will Inti do when the man she is falling for seems to be the prime suspect?

Propulsive and spell-binding, Charlotte McConaghy's *Once There Were Wolves* is the unforgettable story of a woman desperate to save the creatures she loves—if she isn't consumed by a wild that was once her refuge.
